

# New Song Church Community Church Builder (CCB) Quick Reference

## I. Setting Up Your Profile

A. Your account invitation will arrive via an email from [newsongumc@ccbchurch.com](mailto:newsongumc@ccbchurch.com). The direct link to New Song's CCB account can be found at:  
<https://newsongumc.ccbchurch.com/goto/login?url=%2Findex.php>

B. When you first login, you will find the link to your profile by looking at the top, right-hand side of the screen and clicking on the image below.

**Note:** There will not be a profile picture when you first log in. It will be a blank portrait with your initials.

C. When you arrive at your profile, ensure that all contact, family, personal, and custom field information is accurate. If your information is not accurate, you can update any of these areas by clicking on the "Edit Profile" button (red).

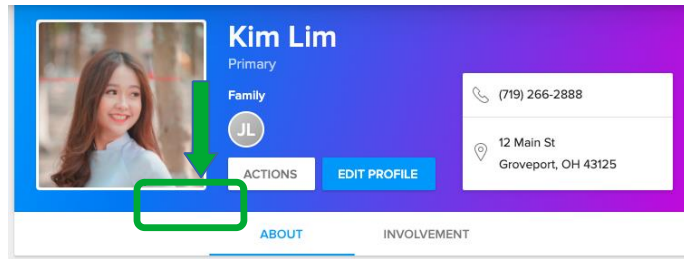

D. The "Actions" button above (green) contains options to edit the following:

1. Communication Preferences: Change your communications preferences for emails you receive from the church.
2. Download Contact Card: Download a .vcf of your profile information.
3. My Fit: Edit your My Fit details.
4. Privacy: Update the visibility of your information to other people in the church.
5. Username/Password: Edit your username or password for logging in.

## II. Setting Profile Privacy Settings

### Your Profile

A. Click on the "Actions" button.

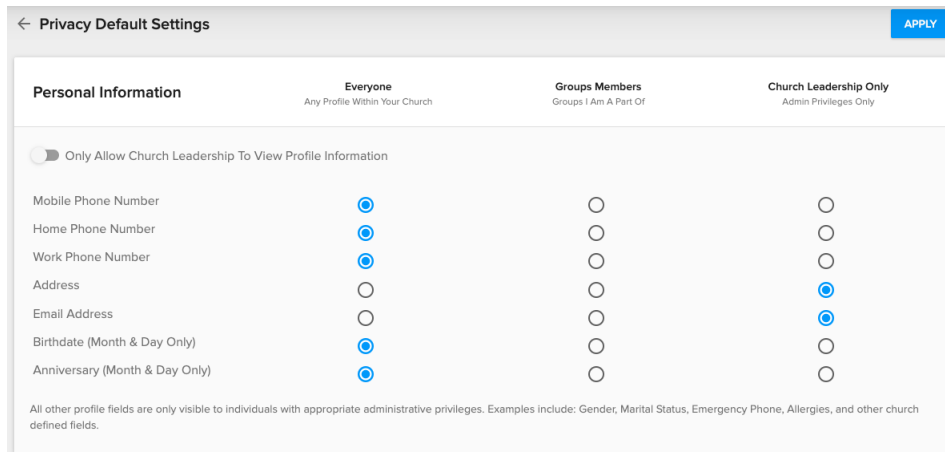

B. In the dropdown that appears, select "Privacy."

1. The privacy settings in CCB are entirely your choice. These settings determine who in the church can see the different fields in your profile.

C. There are three different options for privacy:

1. Everyone: Any person who logs into your church's software can see this data.
2. Groups Members: Only participants within your Groups can view this data.
3. Church Leadership Only: Only administrators can view this data.

All other profile fields are only visible to individuals with appropriate administrative privileges. Examples include: Gender, Marital Status, Emergency Phone, Allergies, and other church defined fields.

D. For each level of information, be sure to choose the privacy level you are most comfortable with.

### Children's Profiles

A. We recognize that the protection of your children's information is important to you. CCB has child protection with extra options in order to ensure just that.

B. When you access your children's profile, navigate to "Privacy" by clicking the "Actions" button and selecting it in the drop down.

C. From here you will have four options:

1. Age Threshold: Choose the age at which you would like profile information to become visible to the general online community.
2. Privilege Restriction: Children who fall under this age threshold will be visible only to the Primary Contact and Spouse in their families, administrators, and individuals with active Child Work Approved status.

Child Protection

Age Threshold 12

Choose the age at which you would like profile information to be visible to the online community. Most churches set this to either 12 or 18. Children below this age threshold will be hidden from the general logged in users of the system who are not currently "Child Work Approved". NOTE: If your youth group is very active in using the application, then you probably want this set to 12 so those teens can "see" each other in the system.

Who Can Edit Master Admin and Full Write Admins

This determines if individual admins can set the Child Work Approved Start Date and Child Work Approved Stop Date when editing an individual's profile.

Set Background Check Expiration Date 1 year

### III. Communication Preferences

- A. Updating your communication preferences will determine if you will allow texts and/or emails from church communications and from groups you are part of.

#### Accessing Individual Communication Settings

Click on your profile image (or initials) in the top right corner.

Click on the "Actions" button.

Choose "Communication Preferences."

Set your communications to your preference.

Groups I am In

Make your choices in the top section of the page. Listed here will be all of the non-administrative groups to which you belong, the administrative groups you lead, and four communications options (the columns).

**Note:** The Group Leader will set the default communications for their individual groups. If you have updated your own preferences, any updates will not change or edit your preferences.

Check these boxes if you wish to receive this type of correspondence from a group. *This setting is recommended.*
- ii. The **second column** determines whether or not you wish to receive an email when a member of the group posts a comment to a message. Check the boxes next to the groups whose comments you want to see. *This setting is considered optional.*
- iii. The **third column** determines whether or not you wish to receive a weekly summary of any changes made to the group, including new events, comments, files, needs, or positions. Check the boxes next to the groups for which you want to receive this weekly summary.
- iv. The **final column** allows you to indicate which groups from which you want to receive text messages. Choose your mobile phone carrier from the pulldown menu, verify or add your mobile phone number, and check the boxes for the groups you wish to enable. Remember, standard text messaging rates from your carrier may apply. *This setting is recommended.*

**Note:** The mobile carrier and number are required. If you have a smaller local carrier you will need to find out the major carrier the smaller provider is using and add that carrier from the pull-down menu.

### Email Address

You can update your email address.

(Example: you@ccbchurch.com)
