Facility Updates

This winter, we have been able to lay down new padded carpet in the new nursery and cruisers rooms. We have updated our fire alarm panel. The doors and windows have all been given a fresh coat of paint! Also, we

We have installed three new roof-top HVAC units and began utilizing natural gas (via our new natural gas line installation) for the worship center and office spaces. We anticipate the change will help our systems run more efficiently and economically. We have two more HVAC units to replace and we hope to gradually switch over all units to natural gas.

received a generous donation for new carpet in our front entryway.

Church Community Builder (CCB)

Our Director of Connections, **Sherry Wright**, has been working hard to bring Church Community Builder (CCB) to our congregation! Church Community Builder is web-based software that will allow our congregation to communicate more efficiently, plug in to small groups and service opportunities, as well as easily access our events and church calendar.

There is so much that Church Community Builder will be able to do for New Song and we look forward to learning a lot more about those features from [Sherry Wright](#) in the new year.

Meet Quynh-Hoa Nguyen

There are more than 900 United Methodist-supported missionaries and New Song has chosen to support Quynh-Hoa Nguyen. She is a missionary with the General Board of Global Ministries of The United Methodist Church serving as director of leadership development of the United Methodist Mission in Vietnam.

Pray for Quynh-Hoa's:

- strength and perseverance
- encouragement and provision, and
- protection and safety.

We hope to share more about Quynh-Hoa's journey in Vietnam soon. To read more about her and her call to ministry, please [click here](#).

A look ahead...

COMING SOON: A New Song Pavilion

A very generous donor has gifted New Song a pavilion! Our Board of Trustees is working diligently on getting permits in place and a contractor lined up to bring this new structure to fruition. The new pavilion should be in place before Spring as a perfect retreat for our children, youth, small groups and our congregation to enjoy for many, many years to come. A special thank you to everyone who has been a part of this building project!

"If you build it, He will come..."

If you haven't noticed, we are having some capacity challenges. The lobby is the central activity hub before, between and after services. It can become quite congested on Sunday mornings. Our children's rooms are overflowing and our Youth Box is overcrowded. What a blessing it is to have these capacity issues and what a testament it is to the amazing things that God is doing here at New Song! At the same time, it reinforces our need to move forward into Phase II of our building plan (children's space, restrooms, office and lobby expansion). We are excited about starting a dialogue with all of you to discern where God is leading New Song and the best strategy for moving forward. Please pray that God will reveal His perfect will to us.
